feasible without impairing the efficiency of the work.

3. The number of cases received for summary disposal by the Bench during the last 3 years is given in the margin from which it will be seen that the work of the Bench Court has been increasing every year and requires the wholetime services of the clerks and peons. It is not possible to get the work done either by deputing part-time servants or by deputing clerks and peons from other Government offices. The President of the Bench reports that the work of his Court engages the whole-time of the existing establishment. I, therefore, fully agree with the Sub Divisional Magistrate and refrain from proposing any change in the existing staff.

The High Court considers that the establishment of two clerks on Rs 35 to 60 and one peon on Rs 12 to 18 to be somewhat excessive for the Mangalore Bench Court, and says that one clerk on Rs 35 to 60, and one peon Rs 12 to 18 ought to be sufficient with possibly the assistance of a part time clerk from the Stg: Submagistrates Office at the Station. Attention is invited to para 2 of the D. M's letter at pp 1-2 c. in which he stated that no reduction in establishment is possible without impairing the efficiency of work and that it is not possible to get the work done either by deputing part time servants or by deputing clerks and peons from Stn Govt. Offices

As the High Court's recommendations are based on an examination of the files of the Court it is submitted that its proposals may be accepted.
